Use the product to advertise your business

WeiTex collection
Patterns in polyester

47 frame colours
and trend colours

There's no more cost-efficient way to permanently advertise than on your awning, sunshade or vertical sun protection. All you need to do is have the advertising printed on your al fresco dining product. It's an effective way to highlight your company's name or advertise the partners you work with, e.g. a well-known drinks or beverage brand. It puts you in the spotlight and helps you stand out from the crowd.

High-tech polyester fabrics

WeiTex polyester fabrics are especially suited to the catering trade. How you benefit:

- highly elastic: ideal for large systems
- high UV resistance
- minimal wrinkling and creasing
- long-lasting brilliant colour

You can also choose from over 140 patterns in our **moments** acrylic fabric collection.

Vast selection of colours

Only from weinor: choose from 47 standard frame colours, 8 scratch-resistant and hard-wearing trendy conservatory colours as well as 200 special RAL colours for your outdoor catering products.

Your specialist centre will be pleased to advise you:
